ELECTORAL DISTRICT OF KINDERSLEY

11229—97 St.,

Edmonton, Alta.,

October 20, 1939.

Hon. Mr. CASGRAIN,
Speaker, House of Commons,
Ottawa, Ont.

DEAR SIR,—The present emergency circumstances in which Canada finds itself seems to demand that each citizen performs his duties to the best advantage of the Dominion and Empire as a whole.

The first most important task is efficient and well experienced executive placed in positions where their services can be rendered effectively.

Having regard to those facts, and considering it in the public interest that some one of vastly more experience in international affairs and perhaps extensive training in active service during the last war, might be persuaded to accept such responsibility, I wish for those reasons to tender my resignation as Member of Parliament for Kindersley Constituency in Saskatchewan.

I am notifying my Constituency accordingly and on their behalf it would be appreciated greatly if the proclamation was issued in sufficient time to permit their having representation in the next session of Parliament.

Yours very truly,

O. B. ELLIOTT.

Mr. Mackenzie King, by leave of the House, introduced a Bill, No. 1, An Act respecting the administration of Oaths of Office, which was read the first time.

Mr. Speaker reported, That when the House did attend His Excellency the Governor General this day in the Senate Chamber, His Excellency was pleased to make a speech to both Houses of Parliament, and to prevent mistakes, he had obtained a copy which he read to the House as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

During the months which have elapsed since the close of the special session, my Ministers have given unremitting attention to the organization and prosecution of Canada's war effort. The Government has been in constant consultation with the Government of the United Kingdom, and the measures adopted have been those which it is believed will best serve the common cause.

Vigorous action has been taken through all branches of the armed forces to provide for the security and defence of Canada, and for co-operation with the Allied forces on land, on sea and in the air.

For the effective prosecution of the war, Canada's industrial, financial and other resources are being steadily mobilized and all war activities co-ordinated. The production and marketing of agricultural and other primary products have been given constructive direction; and safeguards have been provided against undue enhancement, under war conditions, of the prices of food, fuel and other necessities of life.

Since last you met the developments of the war have made increasingly clear the nature of the struggle in which we are engaged. The very existence of nations that cherish independence and democratic ideals is menaced by enemy forces of ruthless aggression which aim to dominate mankind by terror and violence. The Canadian people have shown their determination to share with Britain and France to the utmost of their strength in the defence of freedom.

My Ministers are of the opinion that the effective prosecution of the war makes it imperative that those who are charged with the grave responsibility of carrying on the government of Canada should, in this critical period, be fortified by a direct and unquestioned mandate from the people. My advisers, accordingly, having regard to existing conditions and the stage of the life of the present Parliament, have decided upon an immediate appeal to the country.

Honourable Members of the Senate:

Members of the House of Commons:

In all that pertains to the discharge of your responsible duties, may Divine Providence be your strength and guide.

Mr. Mackenzie King, a Member of the King's Privy Council, laid before the House,—Copies of Emergency Orders in Council passed under the provisions of the War Measures Act, between September 12, 1939 and January 17, 1940, bearing on the War in Europe, as follows:—

Mr. Speaker laid before the House the Report of the General Librarian of Parliament, which is as follows:—

To the Honourable the Speaker of the House of Commons:

The General Librarian of Parliament has the honour to submit the Report on the Library for 1939.

Work on the Supplementary Catalogue of books donated and purchased during 1939 has been rapidly proceeded with and the Catalogue will be issued in a very short time.

On July 31st last, Mr. Oswald Soulière, French Cataloguer, who had been in the Library for twenty-eight years, was retired on superannuation. After competitive examinations, the Civil Service Commission appointed Mr. Lucien Lusignan to the vacant position. Mr. Lusignan is a Master of Commerce of the Montreal University and a graduate of the Library School of the same University. He had also previously been a Library Assistant since 1934.

The promotion of Mr. E. E. Trudel to the rank of French Senior Library Assistant created a vacancy in the position of Library Assistant. After having complied with the rules and regulations of the Civil Service Commission, Mr. Louis Tarte has been appointed to that position. Mr. Tarte is a B.A. of Ottawa University and a graduate of the Montreal University Library School.

The work of indexing the Catalogue on cards has been steadily going on.

During the year, some 80,000 volumes of Sessional Papers have been transferred to a large room in the Records Building allocated to the Library by the Minister of Public Works. While this does afford some relief, it does not settle the question of the congested state of the Library.

At the outbreak of war there was a great demand for British and Canadian documents published during and just after the last war; the Library fortunately had an adequate supply of these. Copies of all emergency legislation, white papers, and other documents were immediately ordered from England, and a standing order has been given to our English agents for all future publications.

The privileges of the Library have been given to the various visiting British missions.

There has been indeed a marked diminution in the output of books of general literature in England and France since the beginning of war; moreover the delivery of books from abroad has been delayed owing to the difficulty of

transport. Nevertheless, to both the English and French sections of the Library many new and important works on economic, international, and historical questions, et cetera, have been added during the past year.

Among the more interesting or valuable donations received during the year were *The Great Chronicle of London*, a gift from the Rt. Hon. The Viscount Wakefield of Hythe, G.C.V.O., and from Frederick John Nettleford, Esq., of London, the fourth and final volume of the Catalogue Raisonné of the pictures and drawings in his famous collection.

Respectfully submitted,

FELIX DESROCHERS,
General Librarian.

Library of Parliament,
Ottawa, January 25, 1940.

Mr. Speaker informed the House that he had appointed J. Laundry to be Acting Deputy Sergeant-at-Arms during the present Session.

At six o'clock Mr. Speaker left the Chair (for intermission).

PIERRE F. CASGRAIN,
Speaker.

NINETEENTH GENERAL ELECTION

OFFICE OF THE CHIEF ELECTORAL OFFICER

This is to certify that since the dissolution of the Eighteenth Parliament on the twenty-fifth day of January, 1940, writs of election, dated the twenty-seventh day of January of the said year, were issued by His Excellency the Governor in Council for the election of a member or members to serve in the House of Commons for every electoral district in Canada, such writs being severally addressed to the returning officers mentioned in the attached list and directing the nomination of candidates be held on the eleventh day of March, 1940, and the poll, if required, on the twenty-sixth day of March of the said year.

And that an election was accordingly held in every electoral district in Canada on the 26th day of March, 1940, with the exception of the electoral district of Three Rivers, in the province of Quebec, where one of the candidates

GOVERNMENT HOUSE
OTTAWA

OFFICE OF THE SECRETARY TO THE GOVERNOR GENERAL

27th April, 1940.

SIR,—I have the honour to inform you that His Excellency the Administrator will arrive at the main entrance of the Houses of Parliament at 3.00 p.m. on Thursday the 16th May next, and when it has been signified that all is in readiness, will proceed to the Senate Chamber to open formally the First Session of the Nineteenth Parliament of Canada.

I have the honour to be,

Sir,

Your obedient servant,

F. L. C. PEREIRA,

Assistant Secretary to the Governor General.

ARTHUR BEAUCHESNE, Esq., C.M.G.,
Clerk of the House of Commons,
Ottawa.

A Message was delivered by Major A. R. Thompson, Gentleman Usher of the Black Rod:—

MR. SPEAKER,

His Excellency the Administrator desires the immediate attendance of this Honourable House in the Chamber of the Honourable the Senate.

Accordingly, Mr. Speaker, with the House, went up to the Senate Chamber, and then Mr. Speaker spoke to the following effect:—

MAY IT PLEASE YOUR EXCELLENCY:

The House of Commons have elected me their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Commons, whose servant I am, and who, through me, the better to enable them to discharge their duty to their King and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Excellency's person at all seasonable times, and that their proceedings may receive from Your Excellency the most favourable consideration.

The Honourable the Speaker of the Senate then said:—

Mr. SPEAKER,

I am commanded by His Excellency the Administrator to declare to you that he freely confides in the duty and attachment of the House of Commons to His Majesty's Person and Government, and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional privileges.

I am commanded also to assure you, that the Commons shall have ready access to His Excellency upon all seasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

And the House being returned,—

Mr. Speaker reported that the House had been in the Senate Chamber, and that he had, in their names and on their behalf, made the usual claim of privileges, which His Excellency had been pleased to confirm to them.

Mr. Mackenzie King introduced a Bill, No. 1, An Act respecting the administration of Oaths of Office, which was read the first time.

Mr. Speaker reported, That when the House did attend His Excellency the Administrator this day in the Senate Chamber, His Excellency was pleased to make a speech to both House of Parliament, and to prevent mistakes, he had obtained a copy which he read to the House as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

You have been summoned to the first session of a new Parliament at a time of the greatest conflict in the history of mankind. Upon the outcome of the struggle will depend the maintenance of civilized society and the inheritance of human freedom for our own and future generations.

Since Parliament last met, the nature of the conflict, the character of the enemy, and the perils which menace all free nations, have become only too clear. In that short space of time, the world has seen the peaceful and peace-loving peoples of Denmark, Norway, Holland, Belgium, and Luxembourg made the victims of the treachery and barbarism which have marked the successive outrages of Nazi Germany. It has also witnessed the invasion of Finland, and, despite the epic resistance of its heroic population, the partition of that unoffending country. At any time, the lust of conquest may vastly enlarge the theatre of war. These tragic events have but served to intensify our determination to share in the war effort of the allied powers to the utmost of our strength. In this resolution the Government has been fortified by the direct and unquestioned mandate of the Canadian people.

The organization and prosecution of Canada's war effort have commanded the unremitting attention of My Ministers. The constant consultation and complete co-operation maintained with the governments of the United Kingdom and France have been materially strengthened by the recent visit to those countries of My Minister of National Defence.

You will be fully informed of Canada's action both in the military and economic fields. You will be asked to consider measures deemed essential for the prosecution of the war, and for the social and economic requirements of the country.

While the present session of Parliament will necessarily be mainly concerned with Canada's war effort, and the measures essential to the achievement of ultimate victory, My Ministers are of opinion that, despite what today is being witnessed of concentrated warfare, it is desirable, as far as may be possible, to plan for the days that will follow the cessation of hostilities.

As a contribution to industrial stability in time of war, and to social security and justice in time of peace, resolutions will be introduced for an amendment to the British North America Act which would empower the Parliament of Canada to enact at the present session legislation to establish unemployment insurance on a national scale.

The report of the Royal Commission on Dominion-Provincial Relations, which has just been received, will be tabled immediately.

Members of the House of Commons:

You will be asked to make financial provision for expenditure necessitated by the existing state of war.

The estimates for the current fiscal year will be submitted to you without delay.

Honourable Members of the Senate:

Members of the House of Commons:

Since the last session of Parliament, a much beloved Governor General has passed from our midst. In the death of Lord Tweedsmuir, Canada mourns one whose character and achievements had endeared him to our people; the British Commonwealth has lost a wise and understanding counsellor, and the fellowship of writers a gifted interpreter of the graces and humanities of English literature. I join with you in the expression to Lady Tweedsmuir and the members of her family of the deep sympathy of the Canadian people.

His Majesty the King has been pleased to appoint the Earl of Athlone as His Representative in succession to the late Lord Tweedsmuir. The sense of duty and the public services which have distinguished the lives of the Governor General designate and the Princess Alice ensure for His Excellency and Her Royal Highness an eager and cordial welcome to Canada.

As you assume, in these dark and difficult days, the grave responsibilities with which you have been entrusted by the Canadian people, may your resolution be sustained by the knowledge that it is the liberties of all free peoples that you are helping to preserve. Unless the evil powers, which threaten the very existence of freedom, are vanquished, the world itself will inevitably be reduced to a state of international anarchy.

I pray that Divine Providence may guide and bless your deliberations.

On motion of Mr. Mackenzie King, it was ordered,—That the Order for the consideration of the motion for an Address to His Excellency the Administrator in reply to his Speech at the opening of the session, have precedence over all other business, except introduction of Bills, until disposed of.

On motion of Mr. Mackenzie King, a Special Committee consisting of Messrs. Mackenzie (Vancouver Centre), Casgrain, Casselman (Grenville-Dundas), Taylor and Douglas (Weyburn), was appointed to prepare and report, with all convenient speed, lists of members to compose the Standing Committees of this House under Standing Order 63.

Mr. Mackenzie King, delivered a message from His Excellency the Administrator, which was read by Mr. Speaker, as follows:—

L. P. DUFF:

The Administrator transmits to the House of Commons a certified copy of an approved Minute of Council appointing the Honourable T. A. Crerar, Minister of Mines and Resources, the Right Honourable Ernest Lapointe, Minister of Justice, the Honourable J. L. Ralston, Minister of Finance, and the Honourable J. L. No. 23

JOURNALS

OF THE

HOUSE OF COMMONS

OF CANADA

OTTAWA, MONDAY, 17TH JUNE, 1940

PRAYERS.

Mr. Speaker read to the House the following Message from His Majesty the King:—

BUCKINGHAM PALACE

Members of the House of Commons of Canada:

I am greatly touched by the terms of the resolution adopted yesterday by the members of the Houses of Parliament of Canada on the occasion of the official celebration of my birthday. Twelve months ago I left Canada convinced from my own personal experience that nowhere in the world were Justice and Freedom more truly appreciated, and neither in peace nor in war would the people of Canada ever suffer themselves to be deprived of their institutions grounded on those ideals. The dire events of the year that has passed have confirmed that conviction a hundred-fold. Canada from the first clearly understood the true import of this terrible struggle, and the immense issues that hang upon its outcome. She hesitated not at all, and the resolution with which she has thrown herself heart and soul into the conflict has been, I can assure you, an immeasurable strength to me and to all in the old world.

GEORGE R.I.

The Clerk of the House laid upon the Table the Twelfth Report of the Clerk of Petitions stating that he had examined the following petitions presented on the 14th instant, and finds that all the requirements of Standing Order 68 have been complied with in each case, namely:—

Of Sophie Kassian (known in Religion as Sister Elizabeth) and other members of a Religious Order, of Edmonton, Alberta, for an Act to incorporate them under the name of Sisters Servants of Mary Immaculate.

Mr. Golding moved,—That, having regard to the fact that thirty-six applicants, listed below, published notices in compliance with Standing Order 95 announcing intention of applying at the last session of Parliament for private bills, and that time then did not permit of consideration being given to private bills, the said thirty-six notices be referred to the Standing Committee on Standing Orders with instructions to report upon the advisability of permitting such notices to be regarded as sufficient for the present session: Christina Dunlop Andrique, Elma Jane Harris Aspell, Dorothy Lavinia Worsley Baker, Eugene Belanger, Edith Leonora Holland Bonet, Armand Boucher, Albert Lennox Brown, Dorothy Smith Bruneau, Rebecca Cohen, Fanny Costom Copelovitch, Detroit and Windsor Subway Company, William Gerald Dickie, Sheila Alice Dolly Young Dodge, Excelsior Life Assurance Company, Emily Findlay, Michele Fiorilli, John Roy Fumerton, Molly Goldfarb Goldberg, Elizabeth Pauline Tingley Kidd, Lemuel Athelton Lewis, Dorothy Florence Donn Martin, Ivan Walter Moore, Romain Cleophas Moreau, Pearl Aizaman Morris, Ethel Wilkov Myers, Ethel Cohen Naihuse, Florian Paquette, Phoebe Doris Edge Pott, Nancy Patricia Lytle Rowat, Mary Lipsin Sager, Joseph Philias Hector Sauvageau, Anna Shepherd, Margaret Summerville Sickinger, Audrey Alexine Stephenson Smyth, Sarah Kerzner Spilberg, and The Stanstead & Sherbrooke Insurance Company.

On motion of Mr. Mackenzie King, the said Government Notice of Motion was, by leave of the House, withdrawn.

Government Notice of Motion being called as follows:—

"The Postmaster General—That a Special Committee be appointed to consider and report:

That the members of the said Committee be appointed at a later date, that Standing Order 65 be suspended in relation to the limited number of members of Special Committees and that the said Committee shall have power to send for persons, papers and records, to examine witnesses under oath, and to report from time to time."

Whereupon Mr. Lacombe appealed from the ruling of the Chairman.”

No. 33

JOURNALS

OF THE

HOUSE OF COMMONS

OF CANADA

OTTAWA, TUESDAY, 2ND JULY, 1940

PRAYERS.

Mr. Ilsley, from the Special Committee appointed to consider and review the Defence of Canada Regulations, presented the Second Report of the said Committee, which is as follows:—

1. Your Committee has considered certain of the provisions of the Defence of Canada Regulations relating to the safety of the state and the desirability of the enactment of other provisions relating thereto and the question of appropriate punishment for the infringement of such provisions, and is of opinion that certain changes in the existing law are required as hereinafter indicated. Your Committee considered this matter of sufficient urgency to deal with it in this report which is not intended to be the Committee's final report.

2. It is a matter of common knowledge that our enemies have been active in the promotion of certain insidious and dangerous forms of activity, popularly known as "fifth column" activity, in the countries with which they are at war. The provisions of our law applicable to acts of this character are those sections of the Criminal Code relating to treasonable offences and to mischief, the Official Secrets Act and certain of the Defence of Canada Regulations.

3. The provisions of the Criminal Code relating to treasonable offences are inadequate to meet present conditions because, among other things, they do not cover cases of persons who do not owe allegiance to the Crown, such, for example, as aliens who, without acquiring residence here, may come to this country in a clandestine way for hostile purposes and by acts of sabotage endeavour to undermine our system of national defence.

4. The mischief sections of the Code would appear to be, in part at least, inappropriate for war conditions.

5. The Official Secrets Act, while dealing with spying, wrongful communication of information, unauthorized use of uniforms and other acts of the character under consideration, is by no means complete for the purpose in mind and does not authorize imprisonment for more than seven years, a maximum which your Committee deems inadequate in some circumstances.

6. While the Defence of Canada Regulations create certain offences, the penalties therefor are inadequate because the maximum term of imprisonment possible for any person convicted thereunder is five years. This penalty is the maximum permitted by the provisions of the War Measures Act, under which the Defence of Canada Regulations were passed.

7. Your Committee is of opinion that there are two classes of acts which should be separately defined and created as offences, and for which punishments more severe than those which can be imposed under the present law should be provided. These classes are

(1) acts done with intent to help the enemy and designed or likely to give assistance to the naval, military or air operations of the enemy, to impede such operations of His Majesty's Forces, or to endanger life;

(2) acts done also with intent to help the enemy but which include those of a somewhat less grave character, being acts likely to assist the enemy or to prejudice the public safety, the defence of Canada or the efficient prosecution of the war.

8. The acts mentioned in sub-paragraph (1) of the last preceding paragraph were made capital offences by an act recently passed by the Parliament of the United Kingdom called the "Treachery Act, 1940," and the acts mentioned in sub-paragraph (2), if done in the United Kingdom, would be offences against the Defence Regulations and would carry a maximum penalty of life imprisonment. Your Committee is of opinion that there should be provisions here somewhat similar to those provisions of the law of the United Kingdom.

9. The two classes of offences just mentioned and the treasonable offences to which reference has been made make three classes in all and a particular act may fall within more than one of these three classes. Provision for this possibility has been made in the draft bill hereinafter mentioned.

10. With respect to the second class of acts mentioned above, it is impossible, as previously indicated, to provide under the Defence of Canada Regulations for punishment by imprisonment for a term exceeding five years and it is considered that this penalty is insufficient for some cases. Therefore, in your Committee's opinion, this class of acts should be dealt with by an Act, preferably by the same Act which deals with the first class of acts above mentioned.

11. Accordingly, your Committee has drafted a bill which includes the provisions suggested above. The bill also includes provisions:—

(1) giving courts martial concurrent jurisdiction over alien enemies under certain conditions and over persons subject to military law, similar provisions being contained in the "Treachery Act, 1940," of the United Kingdom;

(2) expediting the disposition of cases in the courts.

12. The draft bill also includes a provision which would prohibit the granting of bail to any person convicted of an offence against the act pending the determination of any appeal against such conviction.

13. Attention is drawn to the fact that the draft bill deals only with offences of a major character where intent to assist the enemy is proven and that the Defence of Canada Regulations still apply to less serious offences.

14. Your Committee herewith submits such draft bill which it recommends to the favourable consideration of the House.

AN ACT RESPECTING TREACHERY

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

Short title.

1. This Act may be cited as The Treachery Act.

Definitions.

2. In this Act, unless the context otherwise requires,
 - (a) 'enemy' means the enemy in any war in which His Majesty may be engaged;
 - (b) 'enemy alien' means a person who not being a British subject possesses the nationality of a state at war with His Majesty.

Death penalty for treachery.

3. Notwithstanding anything contained in any other Act, regulation or law, if, with intent to help the enemy, any person does, or attempts or conspires with any other person to do, any act which is designed or likely to give assistance to the naval, military or air operations of the enemy, to impede such operations of His Majesty's forces, or to endanger life, he shall be guilty of an indictable offence and shall on conviction suffer death.

Acts done with intent to assist the enemy.

4. If with intent to assist the enemy any person does any act which is likely to assist the enemy or to prejudice the public safety, the defence of Canada, or the efficient prosecution of the war, then, without prejudice to the law relating to treason or the provisions of section three of this Act, he shall be guilty of an indictable offence and shall on conviction be liable to imprisonment for life.

Prosecution, trial and punishment of offences.

5. (1) Subject as hereinafter provided, persons charged with offences against section three of this Act shall be prosecuted upon indictment, and if convicted shall be dealt with in like manner as persons convicted on indictment of murder: Provided that—

- (a) the provisions, in so far as they are part of the law of Canada, of the Naval Discipline Act, the Army Act, and the Air Force Act of the United Kingdom relating to offences punishable by ordinary law shall, in relation to persons subject to those Acts, apply to offences against this Act, and the provisions of those Acts specified in the first column of the Schedule to this Act shall, as part of the law of Canada, be deemed to be amended as specified in the second column of that Schedule and shall have effect accordingly.
- (b) any enemy alien may, if the Attorney General of Canada so directs, be prosecuted for an offence against section three of this Act before a court martial, and upon such a direction being given with respect to an enemy alien the Army Act shall apply for the purpose of his custody, trial, sentence, and punishment as if he were, and had been at the time when the offence is alleged to have been committed, a person subject to military law;
- (c) if upon representations made to him, it appears to the Attorney General of Canada that any person sentenced to death after being convicted on indictment of an offence against section three of this Act was, at the time of the commission of the offence, a member of

the armed forces of the Crown or of the armed forces of any foreign power, including an enemy power, the Attorney General of Canada may direct that, instead of being dealt with in like manner as a person sentenced to death after being convicted on indictment of murder, he shall be dealt with under the Naval Discipline Act, the Army Act, or the Air Force Act, as aforesaid, or in the case of a person not subject to those Acts under whichever of those Acts the Attorney General of Canada considers to be appropriate, in like manner as a person upon whom sentence of death by shooting has been passed by a court martial.

(2) No prosecution in respect of any offence against section three of this Act shall be instituted, otherwise than by way of proceedings for a trial by court martial, except by, or with the consent of, the Attorney General of Canada, and no prosecution in respect of any offence against section four of this Act shall be instituted except by, or with the consent of, the Attorney General of Canada or of the province: Provided that this subsection shall not prevent the arrest, or the issue or the execution of a warrant for the arrest, of any person in respect of any offence, or the remanding, in custody or on bail, of any person charged with such an offence, notwithstanding that the consent of the Attorney General of Canada in respect of any offence against section three of this Act, or of the Attorney General of Canada or of the province in respect of any offence against section four of this Act, to the institution of a prosecution for the offence has not been obtained.

(3) Where in accordance with the provisions of proviso (b) to subsection one of this section a direction is given by the Attorney General of Canada for the trial by court martial of any person charged with an offence against section three of this Act, that person, if not in military custody, may be transferred to military custody in accordance with such directions as may be given by the Attorney General of Canada, and the Attorney General of Canada may by order provide for discharging or varying any order which may have been made by a justice of the peace as to the remand or committal for trial of that person.

Procedure altered in part.

6. Notwithstanding anything contained in any statute, rule or regulation
- (a) where any person is charged with an offence against this Act the preliminary inquiry, if any, shall be held and completed with all due diligence and if such person is committed for trial an indictment shall be preferred within fifteen days from the date of such committal unless a Superior Court judge by order made either before or after the expiration of such fifteen days extends such time;
 - (b) where such person is convicted of such offence and desires to appeal from such conviction or sentence he shall give notice of appeal or notice of application for leave to appeal within ten days after the date of his conviction, and such appeal or application shall be heard and determined with as much expedition as practicable, and if necessary by a special sitting of the Court of Appeal;
 - (c) where such person is convicted of an offence against section three of this Act, the notes of evidence taken at the trial shall be transcribed forthwith and a copy immediately furnished to the Minister of Justice and the Attorney General of the province.

Joinder of charges and place of trial of offences

7. (1) Notwithstanding any rule of law or practice, charges for any offences, whether against this Act or otherwise, except murder, may be joined

with a charge for any offence against this Act in the same indictment or charge, if those charges are founded on the same facts, or form, or are part of, a series of offences of the same or a similar character.

(2) Whether any person is charged with an offence against section three of this Act before a Court Martial and charges for other offences are joined in the same charge in accordance with the provisions of the last foregoing subsection, the court shall have jurisdiction to try and to punish the person charged with those offences notwithstanding that they may be offences for which that person would not otherwise be triable by court martial, and the Naval Discipline Act, the Army Act, and the Air Force Act, as aforesaid, shall apply in relation thereto accordingly.

(3) A person charged with an offence against this Act who is in Canada may, whether or not the offence was committed in Canada, or in any British ship or aircraft registered in Canada, be taken in custody to any county or place in Canada, and, subject to the order of any superior court judge who is hereby authorized to make such order, may be proceeded with against, indicted, tried and punished in any county or place in Canada, as if the offence had been committed in that county or place, and for all purposes incidental to or consequential on the trial or punishment of the offence it shall be deemed to have been committed in that county or place: Provided that nothing in this subsection shall be construed as preventing the trial of any person by court martial in any place in which he could apart from this subsection be so tried.

Bail prohibited

8. No person who has been convicted for an offence against this Act and who has given notice of appeal or made application for leave to appeal from such conviction shall, notwithstanding any statutory provision or other law to the contrary, be admitted to bail pending the determination of such appeal.

Power to enter and search premises

9. (1) If a justice of the peace is satisfied by information on oath that there is reasonable ground for suspecting that an offence against this Act has been, is being, or is about to be committed, and that evidence thereof is to be found at any premises specified in the information, he may grant a search warrant authorizing any peace officer, together with any other persons named in the warrant to enter, by day or night, the premises at any time or times within one month from the date of the warrant, if necessary by force, and to search the premises and every person found therein, and to seize any article found in the premises or on any such person which the peace officer has reasonable ground for believing to be evidence of an offence as aforesaid.

(2) No woman shall, in pursuance of a warrant issued under this section, be searched except by a woman.

(3) For the purposes of this section every commissioned officer of the Royal Canadian Mounted Police shall be a justice of the peace.

Arrest without warrant

10. A peace officer may arrest without warrant any person whom he has reasonable ground for suspecting of having committed or being about to commit any offence against this Act.

The following Resolutions were adopted:—

THE EXCESS PROFITS TAX ACT

Resolved, That it is expedient to re-enact the Excess Profits Tax Act and to provide:

1. That the option of using Rates "A" be deleted, and that the excess profits be the difference between the profits of the year of taxation and the profits of the standard or base period.

2. That the standard profits be determined with reference to the average profits of the standard or base period being the years, 1936, 1937, 1938 and 1939, except as provided in Resolution 5 hereof.

3. That the rate of tax on the excess profits be increased from fifty per centum to seventy-five per centum.

4. That on all profits a minimum tax be paid by every taxpayer under the Excess Profits Tax Act, such minimum to be a tax of twelve per centum on the total profits of the business before deducting income tax, and to be payable in all cases unless the tax provided in Resolution 3 hereof is greater than the said minimum tax, in which case only the greater shall be paid.

5. That a Board of Referees (hereinafter called the Board) be established with discretionary power, subject to the approval of the Minister of National Revenue (hereinafter called the Minister), to ascertain a standard of profits for new businesses or businesses depressed during the standard period, subject to the following:

- (a) in the case of a business depressed during the standard period the Minister may direct that the Board ascertain a standard of profits at an amount which they think just, being a return of not less than five nor more than ten per centum of the capital employed;

- (b) in the case of a new business other than that of the operation of a gold mine or an oil well, if it has been commenced since January 1, 1938, the Minister may direct that the Board ascertain a standard of profits at an amount which they think just, provided that the said amount represents a rate of return on the capital employed by the taxpayer equal to the average rate of return of taxpayers in similar circumstances engaged in the same or analogous classes of business;
- (c) In the case of a taxpayer engaged in the operation of a gold mine or an oil well which has come into production since January 1, 1938, the Minister may direct that the Board ascertain a standard of profits at such an amount which they think just on the basis of a presumed volume of production during the standard period equal to the volume of production in the taxation year and a presumed selling price for the product during the standard period equal to the average selling price of the said product during the standard period.

6. That the Minister may adjust the standard profits so as to ensure the comparison of like with like in the following cases:

- (a) where the accounting period in the taxation year is longer or shorter than the standard accounting period;
- (b) where the capital employed in the taxation year has been substantially increased or decreased over that of the standard period by the contribution or withdrawal of capital;
- (c) in the case of gold mines and oil wells where the volume of production in the taxation year has been substantially increased or decreased over that of the standard period.

7. That there be exempted from the tax imposed under the said Act:

- (a) small businesses where the profits before any salary or drawings by proprietors or shareholders do not exceed Five Thousand Dollars per annum.
- (b) personal corporations which act solely as investment-holding agencies of individual Canadian taxpayers;
- (c) non-resident-owned investment corporations.

8. That sole proprietorships or partnerships be allowed to claim as a deduction such reasonable amount for salaries paid to the proprietor, or partners as the Minister may determine, not to exceed Five Thousand Dollars per year for each.

9. That in the case of a taxpayer who acquired a business as a going concern since January 1, 1938, the Minister may direct that the standard profits of the predecessor may be added to those of the taxpayer if the Minister is satisfied that the trade or business of the predecessor and the taxpayer is not substantially different.

10. That the definition of average profits during the standard period be revised to provide that only the profits of the standard period shall be taken into account when determining the average of the years during the standard period when the taxpayer was in business.

11. That, in order to prevent evasion, power be given the Minister to:

- (a) disallow the deduction of disbursements by the taxpayer which the Minister in his discretion may determine to be in excess of what is reasonable and normal for the business.
- (b) assess without regard to specious transactions or reorganizations which the Treasury Board has found to have no reasonable business purpose other than that of avoidance or minimization of taxation.

12. That capital be redefined having regard to the cost price of the assets presently employed by the taxpayer less depreciation or depletion thereof, and deducting borrowed money and debts, with a proviso that non-productive assets, assets not actually employed in the production of profits, and assets producing tax-exempt income, shall not be included.

13. That there be allowed a tax credit in respect of the amount of excess profits tax or similar tax paid to the Government of the United Kingdom or to the Governments of other members of the British Commonwealth of Nations or to the Governments of Allies of the United Kingdom, if such Governments allow a reciprocal credit for Canadian-paid excess profits tax.

14. That the Act shall apply to the profits of the year 1940, and in the case of a fiscal period ending in 1940 prior to December 31, that the Act shall apply to that proportion of the profits thereof which the number of days of the said fiscal period in the year 1940 bears to the total number of days of such fiscal period.

RULING OF MR. SPEAKER

MR. SPEAKER: The Rt. Hon. the Prime Minister on Friday last requested that I should give an opinion for the guidance of the House on the practice and custom of questions asked before the Orders of the Day are called. As I stated

on Friday, I had already been considering this matter and as a matter of fact I had discussed the desirability of drawing the attention of the House to the Standing Orders governing such procedure.

In dealing with questions of procedure in this House one must necessarily take account of the historical records and background from which, and upon which, our Standing Orders were framed but I do not think it necessary at this time and on this subject to go beyond our own Canadian practice and experience, and in this connection I must consider Parliamentary usages and customs which have not the force of Standing Orders but nevertheless are part and parcel of our Parliamentary practice.

Standing Order 44 gives the provisions relating to questions. Its terms are clear and definite.

"(1) Questions may be placed on the order paper seeking information from the ministers of the crown relating to public affairs; and from other members relating to any bill, motion, or other public matter connected with the business of the house, in which such members may be concerned; but in putting any such question or in replying to the same no argument or opinion is to be offered, nor any facts stated, except so far as may be necessary to explain the same. And in answering any such question the matter to which the same refers shall not be debated.

(2) (a) Any member who requires an oral answer to his question may distinguish it by an asterisk.

(b) If a member does not distinguish his question by an asterisk, the minister to whom the question is addressed hands the answer to the Clerk of the House who causes it to be printed in the official reports of the debates."

If the Standing Order were strictly interpreted, it is obvious that a very large proportion of the oral questions asked before Orders of the Day were called would be out of order. In fact members have not exercised sufficiently their rights under Standing Order 44 but have too frequently endeavoured to seek information on the Orders of the Day being called. And these supposedly oral questions are now developing into lengthy prepared statements, which is quite irregular. This Standing Order 44 must be read in conjunction with Standing Order 45 which provides for 48 hours' notice to place a question on the Order paper.

But I refer the House to Beauchesne's Parliamentary Rules and Forms (Second Edition) page 55, where will be found a quotation from Bourinot, paragraph 191.

"When the orders of the day are called by the Speaker and before they are read by the Clerk Assistant, it is the practice sanctioned by usage but not by any positive rule, for members to make personal explanations or ask questions of the government, in reference to an inaccurate report of their speeches in the official records, or in the newspapers; or in denial of certain charges made against them in the public prints; or in reference to certain remarks which had been misunderstood on a previous occasion, and which they had not before had an opportunity of explaining; or in respect to delay in obtaining returns or to the incompleteness of certain returns brought down under the order of the house; or relative to the state of public business, or other matters of public interest. But these remarks should be brief as they are only tolerated, there being no question before the chair when they are made, and no discussion should be allowed when a minister has replied to a question nor after a member has made his personal explanation. In asking a question, a member must not attack the conduct of the government. If a member wishes to make personal explanations in reference to remarks which have fallen from another member, the latter ought to be in his place."

There is one debatable sentence in that section questions "relative to the state of public business or other matters of public interest".

While I say it is debatable, the words in themselves are, I think, clear but it will sometimes be difficult for the Chair to decide what is a "matter of public interest" and sufficiently so, to justify a question. But I would call honourable members attention to the well known Canadian practice as formulated on page 57 (Beauchesne) which states "a question which could be inserted on the Order Paper is not allowed on the Orders of the Day being called." That Rule has been departed from during this Session but if it were observed more strictly, many of the oral questions would be unnecessary.

I do not refer to the discussion of definite matters of urgent public importance which is provided for under Standing Order 31 and which is always within the rights of honourable members and may be exercised subject to the provisions of that Order.

To sum up. There is only one Standing Order governing questions seeking information from Ministers of the Crown. It is Standing Order 44 which provides that such questions may be marked with an asterisk if oral answers are required. Forty-eight hours' notice must be given of these questions which must be laid on the Table of the House before six o'clock and printed on the Votes and Proceedings. On the Orders of the Day being called, members may ask members of the Government to explain certain matters in accordance with the practice expounded by Bourinot and sanctioned by usage. It is not done under the authority of a Standing Order and therefore such questions may be either permitted or disallowed by the Speaker who must judge each case on its merits. The practice has been followed so long and so regularly in this House that if not impossible, in my opinion, it would be inadvisable to stop it. Yet, having said that, I am of opinion the practice has been used more freely this year than in other Sessions, probably owing to the members' anxiety about the war situation. It seems to me manifestly unfair to compel Ministers to answer questions on important matters without an opportunity of consulting their chief officers; and it would be arbitrary to deprive private members of putting certain questions of immediate urgency on the Orders of the Day being called. The principle on which the practice has been tolerated in past years should be respected, that is, the reading of long series of questions elaborately prepared is not to be allowed on Orders of the Day being called.

Honourable Members must confine themselves to the questions they desire to put; they may not enter into an argument upon asking a question; they cannot add any remarks upon it, after a question has been answered; a question, the answer to which involves an expression of opinion, cannot be put.

A Member in putting a question cannot state an opinion, and he must confine his observations to those which are absolutely necessary to make the question intelligible.

A certain latitude will be given in war time, but no question leading to a discussion or seeking information as to the policy of the Government or its future intentions is permissible from the floor of the House; it must be asked in accordance with Standing Order 44.

The following Questions on the Order Paper were passed by the House as Orders for Returns, under subsection 4 of Standing Order 44, and Orders of the House were issued to the proper officers accordingly, viz:—

5. What amounts have been paid by the Salt Fish Board to the fishermen of Gaspé as bonus, during the first three months of 1940?

By Mr. Roy:—1. Has the Government taken action regarding the utilization, as part of Canada's war effort, of the petroleum deposits of Gaspé.

JOURNALS

OF THE

HOUSE OF COMMONS

OF CANADA

OTTAWA, FRIDAY, 19TH JULY, 1940

PRAYERS.

A Message was received from the Senate informing this House that the Senate had agreed to the amendments made by the House of Commons to Bill No. 35 (Letter E of the Senate), intituled: "An Act respecting The Detroit and Windsor Subway Company," without any amendment.

Mr. Howden, from the Standing Committee on Railways and Shipping owned, operated and controlled by the Government, presented the Second Report of the said Committee, which is as follows:—

Your Committee has considered the following Items of the Estimates referred to the Committee on June 28, and approves of same, viz:—

445 Maritime Freight Rates Act, Canadian National Railways, Eastern Lines.. . . .	\$2,000,000 00
446 Maritime Freight Rates Act, Railways other than Canadian National Railways.. . . .	800,000 00

459 Canadian National Railway Company.. . . .	15,000,000 00
460 Prince Edward Island Car Ferry and Terminals.. . . .	327,000 00

RULING OF MR. SPEAKER

The House referred to the Committee on Railways and Shipping, on June 28th, Resolutions 445, 446, 458, 459, and 460, of the Estimates for the fiscal year 1940-41. The Committee has submitted to the House a report approving these resolutions.

If this report is concurred in, these resolutions are adopted and there is no necessity of referring them to the Committee of Supply. The meaning of such a procedure would be that part of the Estimates had been approved by the House without having been considered by the Committee of Supply. This is against the principle laid down in Standing Order 60 which provides that no

resolution for public aid or charge upon the people may be passed by the House until it has been referred to a Committee of the Whole. The Report of the Committee on Railways and Shipping not only cannot be concurred in, but it cannot be referred to the Committee of Supply because there are in it elements of an instruction; and, as May and Bourinot point out (pages 524 and 418 respectively), no instruction can be given to the Committee of Supply as it can only consider the Estimates recommended by the Crown. Moreover, even if a motion were allowed to be made either to concur in the Report or to refer these Resolutions, no debate or amendment could be permitted on it as such a motion does not come within the scope of Standing Order 38.

I must rule that the Standing Committee's Report which consists only in the approval of certain Estimates cannot be debated at this stage of the proceedings when the Speaker is in the Chair. A motion therefore must be made to refer the Resolutions, as part of the total Estimates, to the Committee of Supply which will be free to consider them and also to discuss, if necessary, the Standing Committee's Report.

Mr. Ilsley, a Member of the King's Privy Council, laid before the House,—A review of the activities of the Foreign Exchange Control Board since its establishment on September 15, 1939.

And also,—Copy of Order in Council passed under the provisions of the Unemployment and Agricultural Assistance Act, 1940, as follows:—

Order in Council P.C. 3207, approved July 16, 1940: renewing loan of \$4,645,000 made to the Province of Alberta, accepting as security therefor Treasury Bill of the said Province bearing interest at the rate of 3 per cent per annum.

The Order being read for second reading of Bill No. 98, An Act to establish an Unemployment Insurance Commission, to provide for Insurance against Unemployment, to establish an Employment Service, and for other purposes related thereto;

Mr. McLarty moved,—That the said Bill be now read the second time.

And a Debate arising thereon, and continuing;

By leave, the said Debate was suspended, and the House reverted to "Motions."

On motion of Mr. Mackenzie King, it was then resolved,—That Mr. Speaker do not leave the Chair at 6 o'clock, p.m.

The Debate on the motion for the second reading of Bill No. 98, An Act to establish an Unemployment Insurance Commission, to provide for Insurance against Unemployment, to establish an Employment Service, and for other purposes related thereto, was then resumed, and the question being put on the said motion; it was agreed to.

The said Bill was then read the second time.

On motion of Mr. Mackenzie King it was then resolved,—That the said Bill be referred to a Special Committee of the House consisting of Messrs. Cardin, Chevrier, Graydon, Hansell, Homuth, Jackman, Jean, MacInnis, Mackenzie (Vancouver Centre), McLarty, McNiven (Regina City), Picard, Pottier, Reid and Roebuck, with power to call for persons, papers and records, to examine witnesses, and to report from time to time.

By leave, Mr. Mackenzie King, a Member of the King's Privy Council, presented,—Return to an Order of the House of July 8, 1940, for (a) a copy of all correspondence addressed to the Prime Minister from the Chairman of the Employment and Social Insurance Commission in the years 1935 and 1936 and replies thereto, and (b) a copy of all correspondence addressed to the Prime Minister or the Minister of Labour by any member of the Employment and Social Insurance Commission in the years 1937, 1938, 1939 and 1940, and replies thereto.

A Message was received from the Senate informing this House that the Senate had passed the following Bills to which the concurrence of this House was desired:—

Bill No. 105 (Letter H-3 of the Senate), intituled: "An Act for the relief of John Bernard Hughes."

Bill No. 106 (Letter I-3 of the Senate), intituled: "An Act for the relief of Annie Block Smilovitch."

Bill No. 107 (Letter J-3 of the Senate), intituled: "An Act for the relief of Charles-Auguste Armand Lionel Beaupré."

Bill No. 108 (Letter K-3 of the Senate), intituled: "An Act for the relief of Albert Lennox Brown."

Bill No. 111 (Letter N-3 of the Senate), intituled: "An Act for the relief of Doris Bertha Schwartz."

And also,—A Message communicating to this House the evidence taken before the Standing Committee of the Senate on Divorce to whom were referred the petitions of John Bernard Hughes, Annie Block Smilovitch, Charles-Auguste Armand Lionel Beaupré, Albert Lennox Brown, Talitha Emily Findlay, Joseph Armand Odilon Boucher and Doris Bertha Schwartz respectively, praying for Bills of Divorce; and the papers produced in evidence before them; with a request that the same be returned to the Senate.

On motion of Mr. Mackenzie King, the House then adjourned at 6.15 p.m., until Monday next at, 3 o'clock, p.m.

Speaker.

Mr. Ilsley moved,—That a Message be sent to the Senate to acquaint their Honours that this House disagrees with their amendment to the Bill No. 25, An Act to amend the Farmers' Creditors Arrangement Act, 1934, for the following reasons:—

(1) Because the findings of a Board of Review are based mainly on questions of fact determined after consideration of the farmer's circumstances and the present and prospective capability of the farmer to perform the obligations prescribed by the Board, and the productive value of the farm.

(2) Because the Boards of Review in the Provinces of Alberta, Saskatchewan and Manitoba as now constituted, comprising a Judge of the Supreme Court of the Province, as Chief Commissioner, a Commissioner representing the debtor, and a Commissioner representing the creditor, are considered to be in a better position, after listening to all evidence, to render a final decision than an Appeal Court with nothing but the record of a case before them.

(3) Because the Courts now have jurisdiction to hear appeals in cases where errors of law are alleged to have been made by a Board of Review.

(4) Because it is inadvisable at this late stage of the operation of this Act to provide for appeals from proposals which may have been or may be confirmed by Boards of Review.

(5) Because the provision for appeals would increase the costs of the administration of the Act and delay the final disposition of a farmer's application.

And that the Clerk of the House do carry the said Message to the Senate.

After Debate thereon, the question being put on the said motion; it was agreed to.

The Bill No. 101, An Act to amend the Customs Tariff, was read the second time, considered in Committee of the Whole, reported without amendment, read the third time and passed.

The Order being read for second reading of Bill No. 102, An Act to amend the Income War Tax Act;

The said Bill was accordingly read the second time, considered in Committee of the Whole, reported with an amendment, considered as amended, read the third time and passed.

Mr. Gardiner, a Member of the King's Privy Council, laid before the House,—Copy of Order in Council passed under the provisions of The Department of National War Services Act, 1940, as follows:—

Order in Council P.C. 3333, approved July 19, 1940: directing and empowering the Minister of National War Services to carry out the duties of office described in subsection (d) of section 5 of the said Act, and that for this purpose he be charged forthwith with the supervision and direction of the Director and Associate Directors of Public Information, and the personnel appertaining thereto.

Mr. Howden, from the Standing Committee on Railways and Shipping owned, operated and controlled by the Government, presented the Third Report of the said Committee, which is as follows:—

Pursuant to Order of Reference dated June 28, 1940, your Committee has considered and approved the following Reports for the year ending December 31, 1939, viz:—

Annual Report of the Canadian National Railways;

Annual Report of the Canadian National (West Indies) Steamships, Limited;

Annual Report of Trans-Canada Air Lines;

Annual Report of the Canadian National Railway Securities Trust;

Annual Report of George A. Touche and Company, Auditors for the Canadian National Railways; and the

Budget of the Canadian National Railways (with the item "Net Income Deficit" reduced, in accordance with Estimates Item No. 459, from \$20,000,000 to \$15,000,000).

Canadian National Railway System:

Operating revenues for 1939 were \$203,820,186, this being an increase of \$21,578,463 over the previous year. This was due to the extra volume of freight handled, which increased progressively throughout the year. The express revenue showed an increase of 13·4 per cent and the mail an increase of 1·4 per cent, but the passenger and telegraph revenues showed small decreases. The operating expenses for the year increased by \$6,790,456, which in view of the increased traffic and revenue, was considered satisfactory. The ratio of transportation expenses to revenues was the most favourable since 1929. The cash deficit of the Canadian National Railway for the year was \$40,095,518, an improvement over the preceding year of \$14,788,007.

Progress was reported on the construction of the Montreal Terminals which will unite three of the four separate Canadian National stations in Montreal.

The coal industry of Canada should materially benefit by the tax on imports and from the adverse rate of exchange, which will undoubtedly result in the purchase of larger quantities of Canadian coal by the Canadian National Railway.

Your Committee is of the opinion that all refunding operations should be effected with a view to conserving to the utmost Canadian exchange.

Canadian National (West Indies) Steamships, Limited:

There was a decrease of \$273,049, or 5·56 per cent in the operating revenues of this Company during the year 1939, although the operating profit was \$623,859. This was due to fewer trips being made and a smaller import tonnage. A war bonus of 25 per cent of wages was paid to the operating crews.

Operating expenses were reduced by \$150,669; also on account of fewer trips.

Trans-Canada Air Lines:

The operation of this Company for the year 1939 showed a deficit of \$411,656, which was paid by the Dominion Government. The operating revenue was \$2,350,473, of which \$1,632,873, or about 70 per cent, was received from the Post Office Department for the carrying of mail. Considerable criticism was expressed regarding this, as it was felt that the Trans-Canada Air Lines were being subsidized by the Post Office Department. Officials pointed out, however, that with the increased volume of mail and passenger business, which has been very marked, the cost of carrying mail will be substantially reduced.

An item of particular satisfaction was the completion of 98·1 per cent of scheduled flights, more than 3,125,000 miles, without injury to passengers or employees.

Considerable extensions have been made during the year and negotiations are in progress for further schedules.

Flying schools have been established and maintained in which are being trained the personnel for present and future requirements.

Budget of the Canadian National Railways:

The item of \$20,000,000, Net Income Deficit for the current year, was criticized in view of the actual experience of the first six months showing an increased revenue, which if maintained for the balance of the year, would amount to about \$15,000,000.

A copy of the Minutes of Proceedings and Evidence is annexed hereto.

(For Copy of the Minutes of Proceedings and Evidence accompanying said Report, see Appendix to the Journals No. 1)

The Bill No. 89, An Act to amend The Cheese and Cheese Factory Improvement Act, was read the third time and passed.

The Bill No. 103, An Act to amend the Special War Revenue Act, was read the second time, considered in Committee of the Whole, reported without amendment;

Mr. Ilsley then moved,—That the said Bill be now read the third time.

After Debate thereon, the question being put on the said motion; it was agreed to.

The said Bill was accordingly read the third time and passed.

The Bill No. 104, The Excess Profits Tax Act, 1940, was read the second time, considered in Committee of the Whole;

Mr. Ilsley, from the Special Committee appointed to consider and review the Defence of Canada Regulations, presented the Fourth and Final Report of the said Committee, which is as follows:—

Your Committee was appointed by a resolution of the House, adopted on June 13, 1940. It has held twenty-five meetings and heard a number of persons and considered their representations; it has received and considered a large number of submissions in writing; and it has called and heard representatives of the departments concerned with the administration of the Regulations or matters associated therewith. In order to preserve the confidential character of material laid before it, your Committee decided at the outset that its meetings would be held in camera and that the proceedings would not be taken down or printed.

In its First Report, made to the House on June 19, your Committee recommended that it be given leave to sit while the House was sitting.

In its Second Report, on July 2, your Committee recommended the enactment of a draft bill dealing with treachery annexed to its report. This bill was introduced in the House by the Minister of Justice on July 8 and was passed by the House on July 25.

In its Third Report, made on July 25, your Committee recommended the immediate amendment of the Regulations to provide for the further control of firearms. The Regulations were amended by an Order in Council passed on July 29.

Representations were made to the Committee that the prohibition contained in Regulation 37A against the possession of firearms by aliens was operating to prevent residents of other countries, particularly the United States, from coming to Canada for the purpose of hunting. An amendment was accordingly approved by the Committee and the Regulations were amended by Order in Council on July 18, 1940. The amendment added the following paragraphs to Regulation 37A:—

“(7) The Commissioner of the Royal Canadian Mounted Police shall have the power to make orders for the exemption of residents from the provisions of this Regulation, and to make such provisions for licences or permits as may appear to be expedient.

(8) The Commissioner of the Royal Canadian Mounted Police shall have power to make orders for the exemption from the provisions of this Regulation of bona fide tourists and visitors from Allied or neutral countries, and to make such provisions for temporary licences or permits for such persons as may appear to be expedient.”

Your Committee has considered and reviewed the Defence of Canada Regulations and in respect thereof makes the following recommendations:—

1. To provide for more regular reports to Parliament on the number of persons interned under Regulation 21, your Committee recommends that paragraph (3) of that Regulation be amended by striking out the word “periodic” and inserting after the word “shall” the words “every four weeks.” This paragraph will then read as follows:—

“(3) The Minister of Justice shall, at the beginning of each session of Parliament and every four weeks thereafter during such session, make a report to Parliament showing the action taken under this regulation, which report shall show:—

- (a) the number of persons detained under orders made pursuant to this Regulation; and
- (b) the number of cases, if any, in which the Minister of Justice declined to follow the advice of any advisory committee which may be appointed under the next following Regulation.”

2. Your Committee considered it advisable that certain rules made by the Minister of Justice under Regulation 22 (3) respecting objections against detention orders should be included in that regulation, and, accordingly, recommend that the following provision be added as paragraph (3A) to Regulation 22:—

“(3A) (a) Any person who has been detained under an order made pursuant to the provisions of the preceding regulation may object to such order to an Advisory Committee;

(b) A written notice of objection signed by the objector shall be delivered to and filed with the person having the custody of such objector within thirty days from the date of such order, or such further

time as the Minister of Justice in his discretion may allow and a true copy of such notice shall forthwith be forwarded by the person aforesaid to the Minister of Justice for transmission to a Committee;

(c) A Committee on receipt of such copy of notice shall give such directions as may be convenient and necessary for the prompt and just disposition of the objection;

(d) It shall be the duty of such Committee to inform the objector within a reasonable time before the hearing of the grounds on which the order has been made against him, and to furnish him with such particulars as are, in the opinion of the Committee, sufficient to enable him to present his case."

3. In view of Italy's entry into the war on June 10, 1940, your Committee recommends that Regulation 26A be amended to include Italians and, accordingly, that this regulation be revoked and the following substituted therefor:

"26A. The provisions of Regulations 24, 25 and 26 of these Regulations shall apply *mutatis mutandis* to all persons born in territories which were under the sovereignty or control of the German Reich on September third, 1939, who are not naturalized British subjects, and to all persons born in territories which were under the sovereignty or control of Italy on June tenth, 1940, who are not naturalized British subjects: Provided that in the case of any such persons the Registrar General may issue a certificate exempting such persons from the operation of the provisions relating to enemy aliens."

4. Your Committee considers it desirable to amend Regulation 26B to make it applicable to British subjects of German or Italian origin naturalized since the first day of September, 1922, and more adequately define the persons to whom this Regulation shall apply; also to give such naturalized subjects a right to object against detention orders. Your Committee accordingly recommends that Regulation 26B be revoked and the following substituted therefor:

"26B. (1) The provisions of Regulations 24, 25 and 26 shall apply *mutatis mutandis* to all persons who have become naturalized British subjects since the first day of September, 1922, who,

(a) at the time of their naturalization or at any time previously were nationals of the German Reich or of any country or territory which on the third day of September, 1939, was under the sovereignty or control of the German Reich; or

(b) at the time of their naturalization or at any time previously were nationals of Italy or of any country or territory which on the tenth day of June, 1940, was under the sovereignty or control of Italy; or

(c) in their applications for naturalization described their nationality as German or Italian:

Provided that in the case of any such person the Registrar General may issue a certificate exempting such person from the operation of any of the said provisions.

(2) Should any of the persons mentioned in paragraph (1) of this Regulation be arrested or detained under the provisions of Regulations 24, 25 or 26 they shall have the right to make objection against the order under which they are arrested or detained, and the provisions of Regulation 22 shall apply *mutatis mutandis* to the objections."

5. To preserve the rights of those taking part in a lawful strike, your Committee recommends that a proviso be inserted after the words "essential services" in line 6 of Regulation 27 in terms similar to the proviso which already appears to Regulation 29. The addition recommended reads:

"Provided that a person shall not be guilty of an offence under this Regulation by reason only of his taking part in, or peacefully persuading any other person to take part in, a strike."

6. For reasons similar to those given above in regard to Regulation 26B, your Committee recommends that paragraphs (1) and (6) of Regulation 37A be revoked and the following substituted therefor:

"37A. (1) Notwithstanding anything to the contrary contained in the Criminal Code the possession of firearms or any ammunition therefor or of any dynamite, gunpowder or other dangerous explosive within Canada is prohibited to any person who (a) is an alien, or (b) has become a naturalized British subject since the first day of September, 1922, and at the time of his naturalization or at any time previously was a national of the German Reich or of any country or territory which on the third day of September, 1939, was under the sovereignty or control of the German Reich, or in his application for naturalization described his nationality as German; or (c) at the time of his naturalization or at any time previously was a national of Italy or of any country or territory which on the tenth day of June, 1940, was under the sovereignty or control of Italy; or in his application for naturalization described his nationality as Italian

(6) If any question arises under this Regulation, or in any proceeding instituted thereunder, or with reference to anything done or proposed to be done under the authority thereof as to whether any person is an alien or is a naturalized British subject coming within the classes described in 37A (1), the onus of proof that any person so suspected or charged is not an alien or is not a naturalized British subject coming within the classes described in 37A (1) as aforesaid shall lie upon the accused in such proceeding."

7. In order to prevent the unauthorized manufacture, display or reproduction of uniforms of His Majesty's Forces or any badge, etc., your Committee recommends the enactment of a new Regulation 38A as follows:

"38A. No person shall, except with written permission by or on behalf of the Minister of National Defence, manufacture, print, display, paint, use or reproduce in any form or manner for any commercial purpose of any kind or nature whatsoever any uniform of any of His Majesty's Naval, Military or Air Forces, or any portion of said uniform or any badge, insignia, decoration, medal, award, battle honour, emblem or device used by or adopted for the purposes of any of the said Forces, or any uniform or portion thereof, badge, insignia, decoration, medal, award, battle honour, emblem or device so similar to that so used by or adopted for the purposes of any of the said Forces as to be likely to be mistaken therefor: Provided that the provisions of this regulation shall not extend to a person carrying on the manufacture or sale of any of the said uniforms or portions thereof, badges, insignia, decorations, medals, awards, battle honours, emblems or devices solely for the purposes of any of His Majesty's Naval, Military or Air Forces."

8. An amendment was suggested to Regulation 39A to prohibit a person to "have knowingly in his possession in quantity" publications intended or likely to cause disaffection, etc., and your Committee recommends that the regulation be revoked and the following substituted therefor:

"39A. No person shall print, make, publish, issue, have knowingly in his possession in quantity, circulate or distribute any book, newspaper, periodical, pamphlet, picture, paper, circular, card, letter, writing, print, publication or document of any kind containing any material, report or statement,

- (a) intended or likely to cause disaffection to His Majesty or to interfere with the success of His Majesty's forces or of the forces of any allied or associated powers, or to prejudice His Majesty's relations with foreign powers;
- (b) intended or likely to prejudice the recruiting, training, discipline or administration of any of His Majesty's forces; or
- (c) intended or likely to be prejudicial to the safety of the state or the efficient prosecution of the war."

9. Regulation 39B (1) provides that a prosecution for an offence against Regulations 39 or 39A may only be made with the consent of counsel representing the Attorney General of Canada or of the province. It is desired to make this applicable to offences against Regulation 39C and also to make it clear that where necessary and urgent an arrest may be made before such consent is granted. Accordingly, your Committee recommends that paragraph (1) of Regulation 39B be revoked and the following substituted therefor:

"39B. (1) A prosecution for an offence against Regulations 39, 39A or 39C of these Regulations shall not be instituted except by, or with the consent of, counsel representing the Attorney General of Canada or of the province: Provided that this paragraph shall not prevent the arrest or the issue, or the execution of a warrant for the arrest, of any person in respect of any such offence, or the remanding, in custody or on bail, of any person charged with such an offence, notwithstanding that the consent herein required for the institution of a prosecution for the offence has not been obtained."

10. To prevent a possible construction of the Regulations which would conflict with similar provisions of the Criminal Code, your Committee recommends that paragraph (1) of Regulation 61 be revoked and the following substituted therefor:

"61. (1) Without prejudice to the operation of sections sixty-nine and seventy-two of the Criminal Code, any person who attempts to commit, or does any act preparatory to the commission of, an offence against any of these Regulations, shall be deemed to be guilty of an offence against that regulation."

11. In view of the provisions of Regulation 39C, paragraphs (5) and (6) of Regulation 62, authorizing the Courts to declare an organization illegal, are now unnecessary and your Committee recommends that these paragraphs be revoked.

12. It was considered to be in the interest of national security that a person convicted upon indictment of an offence under the Regulations should not be admitted to bail and your Committee recommends that the following paragraph be added to Regulation 63:

“(3) No person who has been convicted upon indictment for an offence against these Regulations and sentenced to imprisonment, and who has given notice of appeal or made application for leave to appeal from such conviction shall, notwithstanding any statutory provision or other law to the contrary, be admitted to bail pending the determination of such appeal.”

In making the recommendations for amendments to the Regulations as above set forth and in considering amendments suggested but not included above, it was the unanimous view of the Committee that all measures should be taken which were considered necessary for the safety of Canada but that the maximum amount of liberty under the law should be maintained consistent therewith.

Apart from the changes recommended in this report, numerous amendments have already been made in the Regulations. It is of the utmost importance that the Regulations should be readily accessible and easy to understand. Your Committee accordingly recommends that as soon as possible the Regulations should be reprinted as amended.

Your Committee further recommends that all orders and rules passed in virtue of the Defence of Canada Regulations and having a general application should be published in the *Canada Gazette*.

Consideration of the Defence of Canada Regulations relating to enemy aliens raised certain questions which affect the operation of the Naturalization Act and the Immigration Act relating to the naturalization and deportation of aliens. In this connection your Committee has noted the policy which is now being followed by the Department of the Secretary of State in withholding for the present the issue of certificates of naturalization to aliens of enemy origin and to aliens whose country of origin is contiguous to the war zone. It is of the opinion that considerable misapprehension has been occasioned by the fact that, although in recent months certificates of naturalization have not been issued by the Secretary of State to aliens of enemy origin, there is no provision which prevents the hearing before the courts of applications from applicants who are of enemy origin. Your Committee, therefore, recommends:—

- (a) That measures be taken to empower the Secretary of State to notify the clerks of courts and the judges that applications of enemy aliens should not be proceeded with in the courts until further notice, except in those special cases where a request may be made by the Secretary of State that the particular application should be heard;
- (b) That in these special cases the Secretary of State should be empowered to impose conditions requiring advertisement of the applications in newspapers published in the district in which the applicant resides;
- (c) That for the purposes of this recommendation “enemy aliens” should be defined as being those persons who, at the time of their application or at any time previously, were nationals of the German Reich or of any country or territory which, on the third day of September, 1939, was under the sovereignty or control of the German Reich, or at the time of their application or at any time previously, were nationals of Italy or of any country or territory which on the tenth day of June, 1940, was under the sovereignty or control of Italy.

Your Committee is of the opinion that measures should be taken to invest the important step of naturalization with greater solemnity and to impress upon those who apply for the privilege the importance of the obligations which they assume as British subjects. Your Committee, therefore, recommends that at the

next session of Parliament a special committee of the House be appointed to consider and review the law relating to naturalization. Your Committee is also of the opinion that the special committee should review as well the law relating to deportation and again consider and review the Defence of Canada Regulations.

Mr. Casgrain, a Member of the King's Privy Council, presented,—Return to an Order of the House of July 25, 1940, for a Return showing:—

2. If so, by what department, and from what appropriation have the works been executed?

3. What amount has been expended for that purpose in the County of Gaspé and the Magdalen Islands?

Mr. Casgrain, a Member of the King's Privy Council, presented,—Return to the foregoing Order forthwith.

The Bill No. 118, An Act to amend The Canadian Wheat Board Act, 1935, was again considered in Committee of the Whole, reported with amendments, considered as amended;

Mr. MacKinnon (Edmonton West) then moved,—That the said Bill be now read the third time.

And a Debate arising thereon;

Mr. Douglas (Weyburn), seconded by Mr. Coldwell, moved in amendment.—That the said Bill be not now read a third time but that it be referred back to the Committee of the Whole with instructions that they have power to amend it by adding a provision that the Wheat Board shall make an advance payment to the farmer in respect to that portion of his wheat crop which he is required to store on his farm.

Mr. Speaker ruled the amendment out of order as its effect would be to change the principle adopted on the second reading of the Bill.

And the question being put on the main motion: That the said Bill be now read the third time; it was agreed to.

The said Bill was accordingly read the third time and passed.

A Message was received from the Senate informing this House that the Senate had passed the following Bill without any amendment:—

Bill No. 123. An Act respecting the payment of compensation for the taking of certain property for war purposes.

The Order being read for consideration of Amendments made by the Senate to Bill No. 99, An Act to amend An Act respecting debts due to the Crown;

Mr. Ilsley moved,—Resolved. That a Message be sent to the Senate to acquaint Their Honours that this House

- (a) agrees to amendment No. 1 to Bill No. 99, An Act to amend an Act respecting Debts due to the Crown;
- (b) disagrees with amendment No. 2 for the reason that it is desirable that Bill No. 99 should come into force on assent being given; and
- (c) disagrees with amendment No. 3 for the following reasons:—

1. Because the proposed amendment is of doubtful constitutional validity. The province has exclusive authority in relation to the jurisdiction and procedure in civil matters in provincial courts. By the provincial statutes the garnishee must be "within the jurisdiction of the court" or "within" the province, or "resident in" the county. It is doubtful if Parliament can in effect extend the jurisdiction of the provincial courts to include the Minister of Finance as a garnishee;

2. Because under the present state of the law the Crown cannot be impleaded in the courts without a fiat. This principle constitutes the main impediment in the way of garnishee proceedings. The proposed amendment would in effect amount to the abandonment of this prerogative of the Crown in a limited class of cases. It is most important that the position of the Crown in relation to the Courts should not be altered in this respect without full consideration being given to the whole problem of proceedings against the Crown;

3. Because the question of recognition by the Crown of voluntary assignments of debts due from the Crown is allied to the subject matter of the amendment and it is not clear why it should not also be dealt with;

4. Because the proposed amendment only permits garnishee proceedings to be taken in respect of any judgment for or on account of any tax or other debt not sounding in damages. The justification for excluding other judgments is not clear.

5. Because the grounds for making a distinction between officers, servants or employees of His Majesty in the right of Canada on the one hand and other persons to whom amounts may from time to time be due from the Crown on the other is not apparent from the proposed legislation, will not be apparent to the public, and require consideration. In particular, it is not clear why such persons as Senators, Members of the House of Commons, judges, and persons entering into contracts with His Majesty in the right of Canada are excluded from the provisions of the amendment;

6. Because under the proposed amendment a creditor is put to the expense of obtaining a judgment and garnishee order and forwarding them to the Minister of Finance but the Minister of Finance is not under any obligation to make deductions from the sums payable to the debtor of such person;

7. Because in form the proposed amendment is open to the following objections:

(a) The expression "third party" is well understood to mean a person made a party by a defendant who claims to be entitled to contributions or indemnity from such person. A garnishee is not a third party.

(b) This proposal is to extend to claims by the provinces for taxes. Where the Crown seeks to recover its taxes from third persons such remedies as the Writ of Extent are ordinarily employed rather than garnishee proceedings. It may even be doubted whether the Crown is entitled to proceed by way of garnishee since such expression

as "person" and "judgment creditor" used in the provincial statutes relating to garnishee proceedings are not apt to describe His Majesty. The municipality too has special remedies to enforce payment of taxes.

(c) The expression "garnishment" implies compulsion and is an inappropriate term to use with reference to His Majesty even though the statute provides merely for voluntary and not compulsory payments.

(d) The Exchequer Court has by statute exclusive jurisdiction over claims against the Dominion Crown and it should be made clear that the Senate proposal is to apply notwithstanding anything contained in the Exchequer Court Act.

(e) The Minister of Finance has no "representative capacity" to represent His Majesty in the courts; that representative capacity is vested in the Attorney General of Canada.

8. There has been no demand from the public for this legislation and it is an inappropriate stage of the session at which to open up a matter of such extent and importance.

And that the Clerk of the House do carry the said Message to the Senate.

After Debate thereon, the question being put on the said motion; it was agreed to, on division.

By leave of the House, Mr. Crerar moved,—That Mr. Speaker do not leave the Chair at six o'clock, p.m.

After Debate thereon, the question being put on the said motion; it was agreed to.

The House resolved itself again into Committee of Supply, and progress having been made and reported, the Committee obtained leave to sit again at the next sitting of the House.

The Amendments made by the Senate to Bill No. 113, An Act to amend The Prairie Farm Assistance Act, 1939, were taken into consideration, and severally agreed to.

By leave, the House reverted to Routine Proceedings.

Mr. Casgrain, a Member of the King's Privy Council, presented,—Return to an Order of the House of May 22, 1940, for a Return showing:—1. What was the total, itemized cost of the Royal Commission on Dominion-Provincial relations?

2. What salary, travelling expenses or allowances were paid each of the four commissioners?

3. What salary and other payments were made to the counsel of the commission?

4. What salary and other payments were made to members of the commission staff, by name?

5. What salary and other payments were made to experts, by name, employed by the commission to make special studies for its information?

Also,—Return to an Order of the House of July 18, 1940, for a Return showing:—1. Who were the members of the secretarial staff of the Dominion-Provincial Relations Commission?

2. What was the remuneration of each?

3. Were they paid any living and travelling allowances?

4. If so, what amount was received by each member of the secretarial staff under each of these headings?

And also,—Return to an Order of the House of August 1, 1940, for a Return showing:—What action has been taken regarding applications during 1938, 1939 and 1940 for pensions for veterans of the North West Rebellion, 1885?

On motion of Mr. Crerar, the House then adjourned at 6.57 o'clock p.m., until Monday next at 11 o'clock a.m.

J. ALLISON GLEN,
Speaker.

A Message was received from the Right Honourable Sir Lyman P. Duff, G.C.M.G., acting as Deputy of His Excellency the Governor General, desiring the immediate attendance of the House in the Senate Chamber.

Accordingly Mr. Speaker with the House went to the Senate Chamber; where the Right Honourable the Deputy Governor General was pleased to close the First Session of the Nineteenth Parliament of the Dominion of Canada, with the following Speech:—

Honourable Members of the Senate:

Members of the House of Commons:

When the present session opened in May, one free country after another, in quick succession, had become the victim of Nazi aggression. Before its adjournment on August 7, Italy had joined her Axis partner as an open enemy, French resistance had collapsed, and the government of France had surrendered. Britain herself was threatened with invasion. The theatre of conflict had begun to spread into other lands beyond the confines of Europe. Japan and China were still at war. Among the nations of the world, the United Kingdom and the British Dominions, alone, stood in arms, in the defence of the world's freedom.

Canada has willingly accepted the widening responsibilities which events have placed upon her. The measures which you have taken have had in view the immediate task of sharing more completely in the defence of Britain and securing our own country more effectively against internal subversion and external attack. They have also had in view the long range task of ensuring the ultimate defeat of the enemy.

To serve these ends, the structure of the Administration has been altered and enlarged. A Ministry of National Defence for Air and a Ministry of National Defence for Naval Services have been created. The scope of the Department of Munitions and Supply has been expanded and its organization strengthened. A Department of National War Services has been established. The government has been empowered by the National Resources Mobilization Act to bring to the defence of Canada and the advancement of the common cause all the resources of the country, both human and material. In the different branches of war activity there has been a steady expansion and acceleration of training, transport, manufacture and production.

By the Unemployment Insurance Act you have made a valuable contribution to industrial and financial stability in time of war, and to social security and justice in time of peace. It is deeply gratifying that approval was given by all the provinces to the necessary amendment to the British North America Act to permit of the enactment of unemployment insurance by the Parliament of Canada.

Members of the House of Commons:

I thank you for the financial appropriations which you have made. The determination of the Canadian people to support and advance the cause for which we have taken up arms, has been reflected in the unselfish acceptance by all of its heavy financial burdens.

Honourable Members of the Senate:

Members of the House of Commons:

It has become only too apparent that the lust for conquest will continue to enlarge the theatre of war. The struggle to preserve freedom will be long and hard. May Almighty God guide and uphold its brave defenders.

His Honour the Speaker of the Senate then said:—

Honourable Members of the Senate:

Members of the House of Commons:

It is the Right Honourable the Deputy Governor General's will and pleasure that this Parliament be prorogued until Thursday, next, the seventh day of November, to be here holden, and this Parliament is accordingly prorogued until the seventh day of November (Thursday, next).
